SMOOT RELEASES TYPE 7 ROTARY AIRLOCK

Smoot, a division of Magnum Systems, unveiled their latest piece of pneumatic conveying equipment. The **Type 7** is the latest addition to the legendary Smoot Airlock line. It has been designed for use in the dairy, food, chemical, and pharmaceutical industries where high standards apply. All product contact surfaces are food grade material and smoothly polished.

Type 7 Features:

- Housing constructed of 316 stainless steel
- Open end rotor constructed of 316 stainless steel
- USDA Approved
- Easy removal of rotor for fast and efficient cleaning
- Smoothly polished product contact surfaces in food grade material

Smoot, a division of Magnum Systems, is a leader in pneumatic conveying systems and components. For over 50 years Smoot has provided customers with versatile, cost effective, pneumatic conveying equipment, and continues this trend today. For more information about Smoot, go to their website at www.smootco.com or call 1-800-748-7000.
